The global on- & offshore expo

windenergyhamburg.com

The heart of the global wind industry

Once every two years, Hamburg is at the heart of the wind industry. This year you can feel the pulse from **27 to 30 September**, at the Hamburg Fair site.

WindEnergy Hamburg showcases everything the global wind industry has to offer, both onshore and offshore – **trends, innovations, products, services**, and a complete **overview of the status and future of the industry**. And WindEnergy Hamburg is held in parallel with the **WindEurope Summit**, which provides insights into energy policy, technological and scientific topics. **WindEnergy Hamburg – the world's leading expo, and the number one conference WindEurope Summit – at the same spot, at the same time**. That is unmatched anywhere in the world!

We look forward to seeing you there.

Your WindEnergy Hamburg Team

The world's leading expo for wind energy

MORE THAN 1,200 EXHIBITORS FROM OVER 30 NATIONS

WindEnergy Hamburg brings together all the players in the onshore and offshore wind industry. This is where planners, manufacturers, equipment suppliers, financial service providers, operators and service companies present their solutions:

Showcase for innovations

Onshore wind turbines account for the largest percentage of clean energy. They are in operation throughout the world at a wide range of sites with varying conditions. The industry is developing special solutions for regions with extreme weather conditions and low-wind regions. It is also designing more efficient and more powerful turbines to meet the market needs for repowering at existing sites.

Offshore wind power has global growth perspectives. Its success will depend on combining the know-how and technological advances in the wind industry with the capabilities of the maritime industry.

Summary:

- Innovations, premieres and special exhibits from more than 1,200 exhibitors
- Leading international turbine manufacturers, combined with component suppliers and service partners in all 9 exhibition halls
- Thematic focus for each exhibition hall (see sitemap of fairground)

Insights and overview

SPEAKERS' CORNER – EXHIBITORS PRESENT THEMSELVES

PASSAGE HALL B1/B2

The Speakers' Corner gives a **fast and efficient overview of the range of exhibits**. Including complex services, new business developments and system integration solutions. Get first hand information from the exhibitors. For a compact overview.

STORAGE TOUR – STORAGE SOLUTIONS FOR RENEWABLE ENERGY

Generating 80% of energy requirements from renewables by 2050 – that is the ambitious goal of the Energy Transition*. Take the **Storage Tour** for a complete overview of the products and services available. It covers all the exhibitors that offer **storage solutions for renewable energies**.

MEDIA VILLAGE – TRADE MAGAZINES AT A GLANCE

HALL B7

WindEnergy Hamburg is supported by a large number of national and international media partners. A wide range of trade magazines are available at the Media Village.

*Status: beginning of May 2016

The Exhibitor and Product Directory is available here:
windenergyhamburg.com/exhibitors-products

Current programme information available at:
windenergyhamburg.com/programme

Exchange and networking

Ideal for global business relations and personal meetings - WindEnergy Hamburg is a **unique networking platform** and meeting point for policy and decision makers in government and industry.

WINDENERGY MATCH – FOR NEW PARTNERSHIPS

HALL B7

Industry fairs are the best opportunity for new contacts. WindEnergy Match by the Enterprise Europe Network helps you to find the right partner. It comprises 30-minute meetings, booked in advance, enabling companies to meet **potential new business and research partners**.

RECRUITING DAY – CAREER OPPORTUNITIES

PASSAGE HALL B1/B2

Wind energy is a growth driver for the employment market. It offers more **good job and career opportunities** than practically any other industry, e.g. for wind turbine engineers, electrical and component engineers, service technicians and other skilled workers. The Recruiting Day will be held on Friday 30 September, with HR delegates ready for meetings at the Recruiting Day Forum.

All the exhibitors with job offers are included in the Job Route.

BAR TOUR – NETWORKING AFTER EXHIBITION HOURS

Want to continue networking with the Wind Community in the evenings? The Bar Tour defines **partner bars as fixed meeting points**. For visitors and exhibitors – look for our beer mats at the fairground and exchange them for free drinks (one drink per beer mat) at the partner bars.

All the opportunities for effective networking at:
windenergyhamburg.com/en/networking

WindEurope Summit

Since the first edition of 'EWEC' in 1984, the WindEurope Summit has secured its position as the leading gathering for the wind industry in Europe, featuring policy and market developments as well as the latest technical and scientific advances.

The event offers delegates the opportunity to engage directly with wind energy experts and to participate in topical conference sessions, on topics such as turbine technology, resource assessment, O&M and supply chain among others.

Alfredo Parres of ABB stated "WindEurope events are the perfect place for us to meet key stakeholders and find out more about new solutions and opportunities."

HIGHLIGHTS FOR 2016

The WindEurope Summit 2016 will explore the potential paths that European and international markets can take as we look beyond 2020.

Main highlights include:

- An international political summit
- Its renowned technical & scientific programme produced in collaboration with the European Academy of Wind Energy
- Cutting-edge scientific poster presentations
- Powerful matchmaking activities
- High-level networking opportunities

Exhibitors will be given an opportunity to benefit from the conference activities at discounted rates.

Unique benefits

- Meeting point no. 1 for experts in the energy sector from all parts of the world
- Showcase for innovation and know-how
- The international must-attend event for all market players
- The hotspot for governments and industry for all aspects of wind energy
- A unique networking platform
- The ideal place to develop business leads
- WindEurope Summit held in parallel, at the nearby CCH

Hamburg welcomes you, as Wind Capital and unique venue for this global industry gathering.

GET IN THE MOOD

More than words: take a look at the WindEnergy Hamburg **mood film**.

HUSUM WIND – THE PARTNER EVENT

WindEnergy Hamburg is held in even-numbered years, as a **landmark for international activities**; **HUSUM Wind** is our partner event, held in odd-numbered years, focusing on the **German-speaking wind energy market**.
