

WindEnergy Hamburg

The global on & offshore event

27 ————— 30
September 2022

H₂ EXPO & CONFERENCE

Held in parallel
with WindEnergy
Hamburg

Exploring new horizons:
It's time to put climate first!

windenergyhamburg.com

A series of white vertical banners with the 'WindEnergy Hamburg' logo and text, flying against a clear blue sky. The logo consists of two interlocking circles, one green and one blue.

The wind
keeps
blowing

Welcome back to Hamburg!

In times of climate change and the sustainable energy transition it necessitates, there is an especially strong need for personal interaction and orientation. We are therefore pleased to finally welcome the global wind energy industry to a live event in Hamburg again this year.

On four exhibition days WindEnergy Hamburg will showcase innovative solutions covering the entire value chain of the wind sector. This makes WindEnergy Hamburg the most important business platform for the global wind industry! Knowledge-sharing, valuable contacts, successful business deals: Don't miss it!

Welcome to the world's leading wind industry expo!

1,350

exhibitors from 40 countries;
60% from onshore segment,
40% from offshore

68,500

square metres
total exhibition space
in 10 halls

30,000

visitors from
100 countries

25+

national pavilions

All-inclusive!

H₂ EXPO & CONFERENCE

You only need one ticket for both, WindEnergy Hamburg and the H₂ EXPO & CONFERENCE.

Go to ticket shop:

Condensed knowledge transfer

The specialist forums, conferences, workshops and speeches at WindEnergy Hamburg are driving forces for the development of the wind industry. Seize the opportunity to expand your know-how and build your network:

Increase cost-efficiency: Gain competitive advantage by boosting efficiency

Benefit from dynamic markets: Explore new areas of activity, market potential and opportunities

Compete for contracts successfully: Drive solutions, apply winning strategies

Use smart energy: Learn about smart turbine, storage and grid intertie technologies

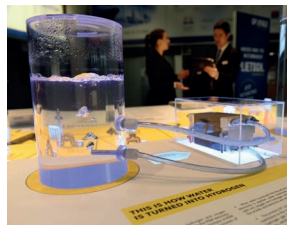

Complete projects successfully: Meet ecological, geographic, political and financial wind project requirements

Master the energy transition: Explore electrification, energy storage, and power-to-X solutions

Develop your staff: Improve occupational safety, cyber security, digitalisation, community engagement, workplaces and skills

The universe of the hydrogen economy

Held in parallel with WindEnergy Hamburg, the H₂ EXPO & CONFERENCE in Hall A2 is the international meeting place for all networking activities focused on the production, transport, storage and use of green hydrogen. This is your opportunity as an industry visitor and conference participant to get a well-rounded market overview, build your business network, win new partners and strengthen existing partnerships.

Top speakers
Top partners
Top themes

Experts meet experts

Participate in discussions with international top speakers from the political, scientific and business worlds. Get the latest on current developments, innovative products and services, and the political and economic environment. The WindEnergy Hamburg ticket price includes free participation in the conference programme. No extra ticket or registration is required.

and seize
opportunities

Unique contacts and new perspectives

Speakers' Corner · Hall B5

On Tuesday, Wednesday and Thursday exhibitors will present their product highlights and innovations. These presentations are free of charge and do not require pre-registration.

Recruiting Area · Hall B5 · RWE

The wind energy industry is considered a growth engine and there is an enormous need for skilled labour of all kinds. On Friday, exhibitors and potential applicants are invited to make contact and share views and ideas in this area. The same day the Recruiting Forum takes place at the Speakers' Corner. Exhibiting companies will introduce themselves briefly as employers, outline career and training opportunities, and offer specific open positions at the Jobwall.

Job Route

Curious to find out which exhibitors are looking for specialists? Human resources professionals from exhibitors participating in the Job Route will be available at the stands to answer your questions and highlight attractive jobs in the wind industry.

Innovative Start-ups · Hall B7

Visit the joint exhibition stand of "Junge Innovative Unternehmen", organised by the Federal Office for Economic Affairs and Export Control (BAFA) to support German start-up companies and help them market their new, innovative products effectively.

New: Wine o'clock · All stages

From 5:00 pm to 6:30 pm on Tuesday, Wednesday and Thursday, seize the opportunity to converse with your customers as well as exhibitors and speakers over a glass of wine in a relaxed atmosphere on all stages of WindEnergy Hamburg 2022. A perfect occasion for an exchange of views and ideas with colleagues and new business partners.
