# H<sub>2</sub> EXPO & CONFERENCE:

Welcome to the networking event of the international hydrogen economy!

Green Hydrogen is the talk of the town. For a good reason: There are countless potential applications, whether industrial, mobility or heat-related, along with new business models arising from these opportunities.

But open questions remain:

How can we transition from grey to green hydrogen successfully?

What will tomorrow's regulatory framework look like?

What is the role of hydrogen in the energy transition as a whole?

For answers to questions like these visit the **H<sub>2</sub> EXPO & CONFERENCE!**

From 27 to 30 September 2022 the **H<sub>2</sub> EXPO & CONFERENCE** at WindEnergy Hamburg will be the international meeting place focused on the generation, distribution and use of green hydrogen.

All major project developers and investors from the wind energy sector will be present to share ideas and views with key stakeholders from business and politics about the latest trends and the future of the hydrogen economy.

It's your perfect opportunity to build and expand your business network!

## Future-looking mega projects and innovative start-ups

The **H<sub>2</sub> EXPO & CONFERENCE** will showcase the full spectrum of current hydrogen technologies.

Large-scale top-down projects representing the entire value chain will be highlighted, and new start-ups will showcase innovative concepts. Meet key contacts from all enterprises with major engagements in Green Hydrogen at the **H<sub>2</sub> EXPO & CONFERENCE**.

## The H<sub>2</sub> EXPO & CONFERENCE – Why you need to be there:

Everybody is talking about Green Hydrogen. This is the only place where you can see all the expertise and trends at a glance!

- ✓ Top decision makers from all industry sectors
- ✓ Networking opportunities with top-flight experts
- ✓ An international industry audience
- ✓ The full spectrum of the hydrogen economy
- ✓ Your perfect sales platform
- ✓ Comprehensive reporting
